

California Avocado Growers Seminar Series 2018

Presented and Hosted by

**California Avocado Society, Inc., California Avocado Commission, and
University of California Cooperative Ext.**

South Coast Ag Fair

August 1, 2018

South Coast Agricultural Field Station, 7601 Irvine Blvd. Irvine, CA

10 a.m. - 2 p.m.

Join the California Avocado Society and our sponsors at this special opportunity to visit the South Coast Research and Extension Center (South Coast REC).

Come and listen to some of our avocado researches -

Dr. Lovatt will talk on Gibberellic acid future within avocado tree.

Dr. Bender will discuss High Density planning.

Learn the UCR Research Poster Sessions arranged by Dr. Mauk and Etaferahu Takele.

Tour rootstock/scion blocks with Dr. Mary Lu Arpaia

View herbicide damage on avocado with Sonia Rios

Engage with vendors of various equipment and technologies for:

Irrigation

Nutrient management

Plus, machines appropriate to avocado production.

*Lunch will be available to purchase on site.

*For an accurate count RSVP is required through our website.
